November 1991 News Letter

Fellow Hams,
by N4CLA

The first and foremost on the agenda for the November meeting are the nominations for the new 1992 officers. There will be a slate of officers presented by the nominating committee additional nominations being accepted from the floor. They will be voted by majority present. Please plan to attend so your vote will count.

At the close of the November meeting there will only be 28 days remaining before the Christmas party, and 14 days following that for Christmas. The year has really passed by in a hurry. Mark your calendars for December 11 for the party. You should be getting a telephone call within the next three weeks to confirm whether you plan to attend or not attend and you will be asked to bring a covered dish for the section of the alphabet your last name starts with. A - G will bring a salad, H - P will bring a vegetable, and R - Z will bring a desert. The club will supply the meat, which is typically a Honey Baked Ham, the soft drinks and the utensils. The time will

be from 6:30 pm to approximately 9:30 pm with dinner starting at 7:00 pm. Included in this news letter is a map to help those who have never been to the Christmas party. Plan to attend and enjoy the christmas season party with your fellow hams and their better halves...

On sunday October 27, a new dual band antenna was installed on the water tower for the 147.06 repeater with the help of Jim Willis KG6TW, David Fellows KD4APK, Don Woodward KD4APP, Steve Knittel KC4YBO and myself. Thanks to all for the help gentlemen! Where was N4QXH when we needed him?

The 145.47 repeater is still currently running about 4.5 watts of power. We are still working on the 100 watt amplifier. I hope it can be reinstalled shortly.

For those of you that were unable to attend the last meeting, you really missed a good presentation on Spread Spectrum.

The club needs your support in 1992 so get your renewals in the mail. They also need your volunteer support. Spread the word for the nets on

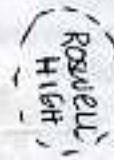

145.47 and 147.06. We have a great fraternal organization. Lets keep it growing.

As of October 29, 1991, we had 2 new members join the club, George Scott KC4WHZ and Howard Holley W4LDD. Welcome aboard. We also had 10 renewals mailed in since the last meeting. The books look like this, The savings account is \$2421.20, the checking account is \$299.15, petty cash is \$359.00, renewals and new members is \$205.00 for a total cash on hand of \$3284.25. The outstanding expenses include \$269.00 for the antenna, 6 months phone charges approx \$300.00 and the up coming christmas party expenses which was approximately \$150.00 last year. After these expenses are paid the balance at the year end, with no renewals or new members added in should be \$2565.35.

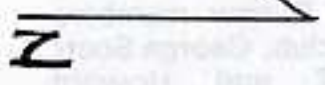

Respectfully submitted,
N4CLA

Hey, guess what's just around the corner? Christmas. Well that's true but actually it's about to be a whole new year for NFARL. 1992 should be the most exciting year yet if you are a member of the NFARL. January 1992 will be the beginning of some new and exciting club meetings, presentations, special events and joining of new members. As your committee chairman and new member liaison, I have some great new ideas. If you are not a member of NFARL you are going to miss an opportunity to participate in a fine amateur radio operator's club. If you are a member you will be in for a real treat. If you know someone who is a new ham or interested in amateur radio introduce them to our club. You will get satisfying results and they will thank you for it.

As you know teams win by their efforts, participation and enthusiasm. We have a broad base of members, all with very special talents. Some of us are leaders, followers, starters, etc. I'm sure you will want to participate in the 1992 NFARL. Even if you are a follower, we need you to join our team, get excited and help us be the best amateur radio club in the Atlanta area.

Tell me what you want for 1992. Noted speakers, major equipment manufacturer presentations, tailgate hamfests, field day, money raising events, door prizes, training seminars, you name it and we can do it for 1992.

I am committed to do my best to make the NFARL the best club in the area. Can I count on you?

Dave Vanderwall KC4WGK
